MEMORANDUM FOR

THE ATTORNEY GENERAL

SUBJECT: Vietnam

Attached is an initial review of the planning now under way with respect to the Vietnam operation. We are anticipating receipt of the specific military plan early next week. In the meantime, I thought you might wish to review the planning which we have been doing within my office.

I am sure you are conscious of the extreme sensitivity of this material and would be grateful if you could return it at your early convenience. I will keep you posted as additional material is completed.
